CARDIOLOGY DIAGNOSTIC REPORT

Report ID	CARD-2026-0318	Date of Examination	2026-04-18
Patient Name	Arjun Mehta	Patient ID	CP-PT-10482
Age / Gender	32 / Male	Department	Cardiology
Referring Physician	Dr. Kavya Rao	Consultant Cardiologist	Dr. Rohan Menon, DM Cardiology

Chief Complaint

Patient reports intermittent chest discomfort, shortness of breath during climbing stairs, and occasional palpitations for two weeks.

Clinical History

No previous cardiac surgery. Family history of hypertension present. Patient reports sedentary work pattern and high caffeine intake. Symptoms increase with exertion and improve with rest.

Vital Signs

Parameter	Value	Reference / Comment
Blood Pressure	148/94 mmHg	Clinic reading
Heart Rate	96 bpm	beats per minute
Respiratory Rate	20 breaths/min	breaths/min
SpO2	97%	room air
Weight	82 kg	kg

ECG / Echocardiography / Cardiac Markers

Metric	Result	Unit / Scale	Clinical Note
Ejection Fraction	52	%	Mildly reduced left ventricular systolic function
Systolic BP	148	mmHg	Elevated
Diastolic BP	94	mmHg	Elevated
QT Interval	410	ms	Borderline prolonged
QTc Interval	456	ms	Borderline prolonged
PR Interval	168	ms	Within normal range
QRS Duration	94	ms	Within normal range
Troponin I	0.018	ng/mL	Within reference range
BNP	146	pg/mL	Mild elevation
Total Cholesterol	232	mg/dL	High
LDL Cholesterol	154	mg/dL	High
HDL Cholesterol	38	mg/dL	Low

Triglycerides	198	mg/dL	Borderline high
---------------	-----	-------	-----------------

Impression

- Stage 1 hypertension with exertional symptoms.
- Mildly reduced ejection fraction noted on echocardiography.
- Lipid profile shows elevated LDL cholesterol and low HDL cholesterol.
- No evidence of acute myocardial injury on Troponin I.

Treatment Plan / Advice

- Start lifestyle modification including low-salt diet, weight control, and daily walking as tolerated.
- Cardiology follow-up after 10 to 12 weeks with repeat vitals and lipid profile.
- Avoid high-caffeine intake and report worsening chest pain immediately.
- Medication review advised by treating cardiologist.
